

Moving and Handling Children

Date: Thursday 17th July 2008

Time: 9.30am – 4.30pm

Details: Moving and handling children involves using different techniques than when working with adults. This course will look at some of the legal and professional issues involved when working with children. Much of the day is spent in practical workshops, where delegates will be facilitated to devise safe systems for common transfers and tasks.

Equipment used specifically with children will be available for the workshops. There will be an opportunity for discussions about the specific moving and handling problems that delegates have encountered in their workplace.

Presenter: Sheenagh Orchard RN RNT Cert Ed (FE) DN (Lond),
Moving & Handling Consultant.

Target Group: Early Years Practitioners, School Staff and Therapists working with children.

Cost: £100 (includes lunch and refreshments)

Previous evaluations of this course include:

"A very informative and useful day"
