

'Moving and Handling People': Trainers and Assessors

Dates: Thursday 3rd April, Thursday 10th April, Thursday 17th April, Thursday 24th April and Thursday 1st May 2008

Time: 9.30am - 4.00pm

This extended course is designed for workers with responsibility for moving and handling risk assessments of clients or patients, as well as with responsibility for training others in safer handling skills. The course ethos is to give delegates the confidence and knowledge to form their own conclusions when carrying out risk assessments, when planning training courses and when recommending equipment.

Course content includes:

The Role of the Moving and Handling Advisor, Legislation, Professional Guidance, Sources of Research and Evidence, Using Task Analysis, Manual Handling Risk Assessment, Back Care and Ergonomics, Training Skills, Competency Based Practical Sessions, including sit to stand, slide boards, bed moves and hoisting.

This course is a nationally recognised qualification, accredited by the Open College Network. Delegates are assessed in a variety of ways during the 5 days to ensure that they have met the learning outcomes of the three modules. Successful delegates receive a certificate of achievement from OCN, all delegates receive a certificate of attendance.

Please note that attendance at all 5 days is compulsory

Presenter: Elizabeth Hallows Chartered Physiotherapist MCSP LPC
(Back Care Management)

Target Group: Nurses, Physiotherapists, Occupational Therapists and others who have responsibility for carrying out manual handling risk assessments and training.

Cost: £600 for 5 days (includes OCN registration, extensive handouts, lunch and refreshments)

Previous evaluations include:

“Very good rapport with tutors and delegates made learning easy”

“Excellent tutors”

“The mix between theory and practice was excellent”

“I was extremely nervous and under-confident...I now feel quite empowered”

“Course content is excellent”
