

Module 3: The Environment and How Minor Adaptations Can Assist with Independence

Date: Wednesday 9th April 2008 OR Thursday 5th June 2008

Time: 9.30am to 4.00pm

Details: This day focuses on and covers 'Part C' (Environment) 'Part E' (Reasoning) and 'Part F' (Professional Behaviour) of the Trusted Assessor Competency Framework by Maggie Winchcombe and Claire Ballinger.

If this module is taken as part of the Basic or Intermediate Level Trusted Assessor Award, the workplace/home study will cover 'Part G' (Process) of the Competency Framework document.

The day will include:

Social and Medical Models of Disability

Design for Access – Legalities

Assessing the Client and Their Need for Minor Adaptations

Possible Risks

Risk Factors for Falls

When to refer on

Documentation

Working in a competent, safe and professional manner

Presenters: Sue Heaton Occupational Therapist
Chris Cammiss, BSc (Hons), PGCE Disability Trainer and Advisor

Target Group: The day is aimed at staff who currently, or who will in the future assess for assistive technology (equipment for easier living) needs; e.g. Therapists and Therapy Assistants, Nurses, Rehabilitation Officers, Housing Association Staff, Technical Assistants, Care Scheme Staff, Support Workers and Driver/Fitters

Dress: Please wear suitable clothes and flat shoes for an active day.
